

## TICKETS@HOME®

*Convenient, secure ticketing from home or office*

Offer your customers the convenience and security of printing real tickets from their home or office. Tickets@Home® links to the ticket system to assign, generate and print a live ticket. Barcode technology makes each ticket uniquely identifiable and eliminates fraud. Customers simply present their Tickets@Home ticket for quick, easy entry into the venue.

## Features and Benefits

### **Print at home or office**

Customers can print from their home or office printer at their convenience. No waiting in line at the box office. Customers with Tickets@Home tickets bypass will call.

### **Unique bar code identifier**

Barcodes on customer's tickets are scanned for easy entry. Improve security, eliminate fraud, and reduce scalping through a unique barcode printed on every Tickets@Home ticket.

### **Expanded ticketing options**

Customers can choose the Tickets@Home options when purchasing tickets online or from a Tickets.com call center. *(Requires ProVenueElite®)*

### **Staffing resources**

With shorter lines and less customer demand on your box office; staff your box office more efficiently.
